2005 Conference

April 21-23 | Hollywood, Calif.

ACES is returning to Southern California for its ninth national conference. The [Renaissance Hollywood](#), at the [Hollywood & Highland](#) center, is the official conference hotel. In addition to being attached to the many shops and restaurants that make up Hollywood & Highland, the Renaissance is adjacent to the Kodak Theatre, home of the Academy Awards. Also in the same block is [Grauman's Chinese Theater](#), where stars' handprints, footprints and signatures are captured in concrete. Across the street are the restored El Capitan and Egyptian theaters, and running along Hollywood Boulevard in front of the hotel is the [Hollywood Walk of Fame](#). The [Red Line](#) subway has a stop in front of the hotel, which will make it easy to get to other parts of L.A. The hotel is honoring ACES' special conference rate for three days before and three days after the conference. Make a vacation out of it!
