

1900 W. Olney Avenue
Philadelphia, PA 19141

May 27, 2015

I am writing to you regarding the course offerings for the Fall, 2015 semester. This website contains your registration materials and a list of course offerings which you will need for registration. Registration begins on June 1 at 3:00 PM.

As mentioned in previous messages, we are transitioning this fall to an 8 week format. Students may register for two courses, one for the first 8 week session and one for the second 8 week session. The first session will run from 8/31 to 10/23 and the second session will run from 10/26 to 12/18. The only exception to this format are for students considering the capstone. This course will have students register for the full term (8/31 to 12/18). The number of credits for the capstone will be 3 credits.

Please remember, that even with an online format, courses do have very limited availability. Since you will be taking only one course at a time, the days for your synchronous sessions are not limited to one day. The instructor will provide you with that information as we move closer to the start of the semester. I still urge you to make early decisions on your selections. You do have the option of registering for only one session if that best suits your situation. Please remember, that if the course is offered in one session, it will not be offered again until the next year, so please check the tentative rotations to be sure you plan your progression. If you have any questions, I invite you to contact me via email. If you wish to discuss your program or your future course options, I am also available for that. As we transition to this new format, please know we will work with you to keep you on track for completion.

I have updated the future course offerings sheet to reflect the changes based on the new format and the overlap of courses in the programs. As this sheet indicates, this is a tentative schedule for upcoming semesters, so there may be changes based on students and faculty. If there is something specific you would like to discuss, please contact me.

CAPSTONE STUDENTS

If you are planning to complete your capstone during the spring semester, you need to check the website for the PRE-REGISTRATION directions. You need to submit the capstone proposal packet by 7/31/2015. The set of pre-semester activities are listed in the capstone course at <https://lasalle.instructure.com/courses/5945>

If you have any questions, please contact me. I will be happy to help as we transition to this new format and as you decide on your course choices.

Sincerely,

Peggy McCoey

Margaret M. McCoey, M.S.
