

CHM 320 Cover Sheet for Independent Project

Please attach this as a cover sheet for your proposal. The following must be included in your proposal. You may spend up to \$100 for chemicals and equipment.

- I) Names of two students carrying out the work.
- II) Title of the project.
- III) Reference of primary article used in proposal (attach a copy of the article including experimental sections).
- IV) Novel techniques/reactions utilized in this project.
- V) Approximate timetable for project.
- VI) Chemicals needed: include ACROS numbers of all chemicals that we need to purchase. If not available from ACROS, use Aldrich.
- VII) Equipment needed: includes glassware, dry ice, and gases (argon or nitrogen). If unavailable, supply a vendor.
